

UMass Unions United Solidarity Stand Outs

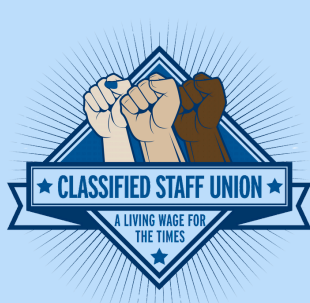

**Join us for a month of action to protect
our unions, our students, and each other.
UMass Boston is all of us!**

Our contracts expired 8 MONTHS AGO!

**Management continues to stall in bargaining and
continues to ignore critical issues raised by the campus
community over the past several months.**

**Our unions are calling on all members of the campus
community - staff, librarians, faculty, graduate workers,
and students - to join us for visibility stand outs outside
upcoming bargaining sessions to show support for
stronger working and learning conditions for our entire
campus community.**
