

Join with other staff, students & faculty to challenge the UMB Administration to Stop Silencing Us and Start Listening

October 10, 3pm
Campus Center Ballroom

Examples of ways the university is attempting to silence UMass Boston workers and students:

campus update meeting with NO space for faculty, staff, and students to ask questions in person

new protest policy that squashes free speech

attempts to narrow union members' right to participate in the bargaining process

Join your colleagues and friends at the Campus Update meeting on October 10 at 3pm and wear your union shirts. We'll have signs and you can bring signs expressing your own concerns about silencing. Location: Campus Center Ballroom.
