LEGISLATIVE CALL-IN CAMPAIGN

Your State Rep and State Senator want to hear from you about public higher education. Let them know how high costs and debt affect you and your family.

1

Find your legislators at wheredoivotema.com

2

Find their phone numbers by typing in their names at malegislature.gov

3

Call them and say you support high-quality, debt-free public higher education

What to expect when you call: Just give your name and purpose for calling (i.e. I want my legislator to support full funding to state campuses) and they'll say thank you, and pass your statement to your legislator...that's it!
